

## Help with Accessing Grants & Planning Strategies in Business

Coronavirus has impacted many businesses, and most people are struggling to figure out what is the best thing to do in times like these...

It has been 😞 few emotional weeks. I have spoken to more businesses than usual in last two weeks and It has been sad hearing how much some of the businesses are struggling but it's also great to see businesses who are keeping their chin up and going through all this with hopes for better future.

I have put aside 5 sessions every week to help and support businesses access the government grants, plan to Survive next couple of months and Thrive later.
